## EXPERIENCE

**Instance IT Solutions / Bizcompass Softwares Pvt Ltd** **Surat, Gujarat, India**  
**Senior Flutter Developer** **June 2023 - Current**

Senior Flutter Developer & Team Lead with a strong track record in delivering high-quality, scalable mobile apps. Skilled in full app lifecycle, performance optimization, and user-centric design. Passionate about mentoring and driving innovation through collaboration and continuous learning.

**Keyword Techs** **Surat, Gujarat, India**  
**Senior Flutter Developer and Team Leader - Flutter** **Feb 2022 - June 2023**

As a Team Leader with Flutter expertise, I manage the planning, execution, and delivery of mobile app projects. I coordinate with cross-functional teams to ensure timely, in-scope delivery while overseeing the full project lifecycle. I identify and mitigate risks, keep stakeholders informed, and provide clear leadership to ensure the team stays aligned and productive.

**Hope Technolab** **Surat, Gujarat, India**  
**Associate Flutter Developer** **Mar 2020 - Feb 2022**

Gained hands-on experience and in-depth knowledge while contributing to multiple projects. Responsible for ensuring smooth and timely project execution, tracking progress, and actively resolving bugs to enhance app performance.

**Hope Technolab** **Surat, Gujarat, India**  
**Graphics and UI-UX Designer** **Feb 2019 - Mar 2020**

As a creative and detail-oriented designer, I specialize in crafting visually engaging graphics and intuitive user interfaces. With a strong understanding of design principles and user behavior, I focus on creating seamless digital experiences across web and mobile platforms. My role includes designing logos, icons, wireframes, and interactive prototypes while ensuring brand consistency and user-centered design.

## **PROJECTS**

### **Bizcompass Chat**

Bizcompass Chat is a real-time communication and monitoring system that includes chat, audio/video calling, keystroke and mouse tracking, and API management. It also offers mobile location tracking, CRM for lead and follow-up management, and tools for handling expenses, travel, and travel advance requests — making it ideal for remote work, customer support, and team coordination.
